

HUMANA

SPANISH CALL CENTER

INSTRUCTIONS

QUESTIONNAIRE

Contact a Humana call center to inquire about a Medicare Advantage Plan and pose specific scenario questions. Calls must be made in Spanish and recorded using CX Group's IVR system.

Before You Begin

- Review your shop confirmation
- Know your scenario (background info)
- Know the knowledge question to ask
- Look up a doctor in your assigned area

Don't Forget!

- Speak in Spanish, and record the call
- Know the assigned area to present from
- Ask your assigned knowledge question
- Get the names of the screener/agent

General Requirements

- This shop must be completed in Spanish. You must be fluent in both Spanish AND English.
- Read all instructions and the entire questionnaire before you complete the shop.
- [Click here](#) for a summary of Medicare and Advantage Plans if you are not familiar with them.
- Check your shop confirmation for the following:
 - ✓ Day and time to make the call
 - ✓ Scenario code of the knowledge question to ask
 - ✓ City, state, zip code, and county to say you live in
- Place the call through CX Group's IVR phone system to record the call (instructions below).
- The call center may store your phone number in their database. To avoid being identified:
 - Always use a different first and last name (an alias) for each shop you complete.
 - If asked about previous calls, say you just got this phone number (new to you), and the information stored in their system must be about the previous owner of the number.
 - If possible, call from a different phone number (ex: use a family member's cell phone) or use blocking technology (e.g., *67).
- **Unsuccessful calls:** If you cannot complete the call on the first attempt because the call is disconnected at any point, you reach voicemail, the office is closed, or you receive a busy signal, make at least one more call attempt before submitting your report. If you are told the office is closed, your second attempt must be on a different day during allowed call hours.
- Submit your report to shopperhub.cxgroup.com within 12 hours of completing the shop.
- Retain all documentation for six months following your shop.
- You or your immediate family members cannot currently nor have ever worked for Humana.

Scenario (Background Information)

Present yourself as a Medicare-eligible individual looking for a Medicare Advantage Plan with Prescription Drug Plan (MAPD). Individuals become eligible for Medicare at age 65. This shop requires you to be (or role-play to be) an individual who is over 65 and currently on Original Medicare only.

Scenario: Currently on Medicare (65+) and interested in a Medicare Advantage Plan

Present the following as your situation when prompted for information:

- You have Original Medicare (Parts A and B) only, and you were born in 1956.
 - If asked for your date of birth, give the year as 1956. Use your real birth month and day.
 - If asked for your Medicare Part A/B effective date, provide a date that starts on the first day of your birth month in 2021. For example, if your birth date is given as 8/15/1956, then your Medicare Part A/B effective date is 8/1/2021 (the same month as your birth, on the first day of that month, and in the year 2021).
 - If asked for your Medicare card, say you don't have it with you right now and you don't know your Medicare number.
- You do not have a Prescription Drug plan (Medicare Part D) but would be interested in one.
- You do not qualify for Medicaid or state assistance.
- You do not have a healthcare power of attorney.
- You live in the city, state, zip code, and county listed in your shop confirmation.
- You are relatively healthy and see a physician rarely.
 - Be prepared to provide the name of a doctor in your assigned area so the agent may verify if they participate in the plan. If the doctor is not in the plan, indicate you are willing to see a new doctor.
- You take two medications. Choose two of these medications to say you take. The agent may look them up to see if they're covered under the plan.
 - Daily for high cholesterol: Plavix 75mg, Crestor 5mg, or Lipitor 10mg
 - Daily for high blood pressure: Metoprolol 100mg or Bystolic 10mg
 - Daily for Fibromyalgia: Lyrica 75mg twice daily

Shop Instructions

Step #1: Call into CX Group's phone system to record the conversation

- Call into CX Group's IVR phone system at 866-265-6212 (toll free).
- Once you dial into the IVR system, you will be prompted to enter your assignment number. This can be found on your shop confirmation. Only enter the first series of numbers. For example, if your assignment number is 2089568-3658147, you would enter 2089568.
- After entering your assignment number, the system will ask you to dial the phone number you would like to call. Dial the call center phone number found in your shop confirmation, and follow the prompts. Do not dial a "1" before the area code once in the IVR system.

- If you receive a recording/voicemail, the call is disconnected, or you get a busy signal, hang up and call back later the same day (all call attempts must be recorded through the IVR).
- If you get an error message from the IVR when calling the 866 phone number, try calling 617-284-5807 instead (this is an alternate phone number for the IVR).
- You will get an IVR confirmation number. Write down the number and enter it in your report.

Step #2: Select the 'Spanish' phone tree option or ask to speak with someone in Spanish

- Once the IVR connects your call to the call center:
 - If you hear an option in the phone tree for Spanish, select that option.
 - If you do not hear an option in the phone tree for Spanish, after a representative comes on the line, you must state (while speaking Spanish), "Hello, my name is _____. I am looking for information on Medicare Advantage Plans and would like assistance from someone who speaks Spanish."
- Accept any transfers or connection to a translator to complete the shop.
- If the representative does not understand your request in Spanish and does not offer a transfer, use broken English to request to speak to someone in Spanish.

Step #3: Request information about Medicare Advantage Plans

- Conduct the entire conversation in Spanish, using broken English only if necessary to get a Spanish speaking individual's help.
- **Important!** Whenever you are asked for your city, state, zip code, or county, respond with the information found in your shop confirmation.
- Once a Spanish speaking representative is on the line, you may initially be greeted by a "screener" who will collect basic information (name, zip code, and date of birth) before transferring you to a sales agent to review plans.
 - If asked, provide the date of birth as indicated in your scenario (background information).
 - Get the screener's first name (and last name if possible). If necessary, ask their name.
- Once plan review begins, if the sales agent has not indicated they are a licensed agent, ask them if they are a licensed agent.
 - Get the sales agent's first name (and last name if possible). If necessary, ask their name.
- State that you would like information about the Medicare Advantage Plans available.
 - Do not mention Humana specifically. Let the agent take the lead in the conversation.
 - Answer questions using your scenario (background information).
 - If the agent only provides plan names/costs, ask what the benefits are for the plans.
- Do not provide your Medicare card number, social security number, or full home address if asked for it.
 - If the agent says this information is required, indicate you would still like to continue the call and then enroll at a later date once you've made your decision.
- Do not sign up for a plan or move to the enrollment process. Tell the agent you're continuing to review your options and will contact them if you decide to join.

Step #4: Ask your assigned knowledge question before ending the call

- Check your shop confirmation for your assigned knowledge question scenario code (A or B).
 - Translate your question before your call to ensure you ask it fluently in Spanish.
 - Ask your assigned knowledge question at a natural time in the conversation.
 - Do not lead with the question, as it will sound out of place.

Scenario	Question to ask	Correct response/action
A	I see commercials about Part B Giveback and how some plans give you money back. How does that work, and are there any plans like that in my area? Does this require that I enroll in a Medicare Advantage Plan, or is it added on to my Original Medicare?	If the member enrolls in a Part B premium reduction plan, the member will receive a (\$\$) rebate on their monthly Medicare Part B premium. As a result, the monthly Social Security check will increase by the designated amount. The member does not have to complete any paperwork to receive this benefit. This rebate is refunded monthly and paid to Social Security by Humana/the plan. The agent should then confirm if there are any plans in your zip code.
B	I have heard about doctors being in and out of network. Tell me what that means and how that may affect me.	<p>Providers who are in network are typically covered by the health plan fully or require the member to pay a copay/coinsurance. These will typically not require an authorization.</p> <p>Providers who are out of network are not covered in HMO plans or will require authorization and will typically have higher copay/coinsurance or member cost sharing in PPO plans. For example, an in-network PCP may have a \$10 copay while an out-of-network PCP may cost the member \$45.</p>
