General Requirements

- **Submission Deadline: 12:00 PM EST the day following your scheduled shop date.** The deadline is noted in eastern standard time. If your completed survey is not submitted to shopperhub.cxgroup.com by the deadline, it will be automatically cancelled.
- Read all instructions and the entire questionnaire before you complete the shop.
- Answer all questions and provide detailed supporting narrative to explain your responses.
- Get a transaction receipt to upload with your report. Review the requirements outlined below to ensure you upload a valid image. Your receipt photos must clearly show the tracking/reference number.
- Take a selfie photo for shop validation (this is part of your "receipt").
- Do not reveal your identity as a mystery shopper to anyone at any time.
- Do not say or do anything to limit the opportunity for the associate(s) to perform the behaviors the survey is designed to evaluate.
- If a QA Editor contacts you for additional information or clarification about your experience, respond promptly.
- Retain all documentation for six months following your shop.
- You or your immediate family members cannot currently nor have ever worked for Walmart or any money transfer service/company.
- Children are not allowed to accompany you on this shop.
- You must bring a valid ID (driver's license) with you, that shows a valid street address. If you have a PO Box noted on your driver's license, you are NOT eligible to complete this shop, and should contact your scheduler to cancel.
- Failure to follow the shop specifications outlined in this document may result in cancellation and non-payment.

Understanding Your Shop

- You must use the assigned money transfer service to complete that step of the shop. For this shop, the assigned money transfer service is **MoneyGram**.
- You must have at least \$17 in upfront funds—either cash or available funds on a debit card (\$10 for the transfer amount, and \$7 for the transfer fees).
 - You must transfer at least \$10, but do not transfer more than that unless your recipient actually plans on picking it up and returning the extra funds to you. CX Group will only reimburse up to \$10 for the amount transferred.
 - Transfer fees vary by location but should not exceed \$7. CX Group will reimburse these fees. If the transfer fees exceed \$7, note in your survey and make sure the amount is detailed on your receipt.
 - You may be refunded by Walmart as part of the resolution to your complaint/scenario. If you are refunded, you will not also be reimbursed by CX Group.
- You will transfer the money to a friend or family member at a different Walmart location, however it is NOT required that they pick it up. If they choose to pick up the money they can keep it. This pickup process is optional and will not be evaluated.
- You will walk around the store or wait in your vehicle for 10-20 minutes before returning to the money center to present your complaint. Select a complaint scenario from the options below.
- After the money transfer, you will locate the gift card display and select **3 gaming gift cards totaling \$100**. The gift cards you select must be gaming cards—see example images below. If you scan other types of gift cards for this portion of the shop, your entire shop will be invalidated.
- You will scan the gift cards at self-checkout as if you are attempting to purchase them. You will evaluate if you receive a specific prompt on the screen and/or if an associate arrives to assist you. You will not actually purchase the gift cards. If an associate asks, you will say you changed your mind.

Shop Instructions – Part 1: Money Center Interaction

Step #1: Arrive at your assigned Walmart location, proceed to the money center, and complete the money transfer.

- The money center at most locations will be open standard business hours. Look up the specific hours for the money center at your assigned location in advance—you must arrive when they are open and staffed, and at least 1 hour prior to closing.
- Proceed to the money center upon arrival to the store. If you cannot locate the money center or your assigned location doesn't have one, go to the service desk.
- Note how many associates and customers are present at the money center/service desk.
- Tell the associate you would like to make a money transfer. Evaluate if you are offered different options/services, then tell them you would like to send the transfer via **MoneyGram**.
- You will be asked where you are sending the money to. You will need to reply with a city and state.
- You must send the money to a different Walmart location (i.e., any Walmart except your assigned location).
- If your friend or family member is planning to actually pick up the money, make sure you reply with the city and state of the Walmart where they are located.

- When indicating who you are sending the money to, make sure you provide their name EXACTLY as it shows on their ID (e.g., if their state ID has their first, middle, and last name, you must provide that when you send the money).
- Evaluate if the associate asks for your ID. You must provide your valid ID if asked.
- Note if there is a fraud warning sign at the money center/service desk. Take photos of the desk and signage.

Fraud Warning and Additional Location Signage Examples:

- Evaluate if you are required to respond to a question on the pin pad about telemarketing. If a prompt pops up, you will need to agree that you are not sending money to pay for anything a telemarketer told you.
- Note if the associate provides you with a pre-payment disclosure. The pre-payment disclosure will look similar to a receipt, BUT is not an actual receipt and is completely separate.

Did you know that Walmart customers have many different options to send money? Some may have lower fees or better FX rates! Please ask an associate at the Money Center or Customer Service Desk for more information about your options.

IMPORTANT INFORMATION - valued Customer STOP!

Please Read! MONEY TRANSFER FRAUD WARNING

Keep your money safe. If any of the below apply, DO NOT SEND the money transfer. It's a scam and someone is trying to steal your money. If you send money, it can be paid out quickly, and you may not be able to get a refund.

#1 Are you sending money for something a telemarketer sold you? If YES: Do not send the transaction. Sellers and telemarketers can't take money transfer payments from people in the US for something they're selling through telemarketing.

- Obtain the associate's name.
 - If the associate does not proactively provide you with their name, is not wearing a name tag, or their name is not present on the receipt, you DO NOT need to ask for their name. You must provide a physical description.
- Optional: Once you have received confirmation from the associate that your money has been sent, send a photo of your receipt to your friend/family member who will be receiving the money, if they are planning to pick it up.
 - The receipt image must clearly show the reference/tracking number to allow them to pick up the money.
 - Your friend/family member does not need to pick up the money same-day, or even at all. If they choose to pick it up, please note it may take 10-20 minutes from the time the money is sent until they can receive the funds at their Walmart location.

Step #2: Return to the money center after 10-20 minutes and present a complaint.

- Take photos of your receipt BEFORE you present your complaint. In rare instances, the associate may keep your receipt during the complaint process.
- Walk around the store or wait in your vehicle for 10-20 minutes, then return to the money center/service desk to present one of these complaints:
 - I was charged the wrong amount during the money transfer send.
 - The receiver was not able to pick up the money by the date/time it should have been available.
 - The receiver did not get the correct amount.
- Note how many associates and customers are present at the money center/service desk.
- Note if there is a fraud warning sign present at the money center/service desk.
- Evaluate if the associate asks for your ID. You must provide your valid ID if asked.
- Evaluate if the associate asks for the tracking/reference number.
- Be professional and polite when presenting your complaint and responding to any questions. The goal is to evaluate how the associate tries to help you.
- Evaluate if the associate provides you with an error resolution or cancellation form on an 8.5" x 11" piece of paper.
 - Do not complete the form (neither while onsite nor after your visit), simply indicate in your survey whether or not the associate provided the form.
- Note if you are refunded as part of the complaint resolution. (Do not push for a refund, simply evaluate whether or not this is part of the associate's resolution process.)
- If you are refunded, the transfer may be cancelled. This is OK—please explain in your shop narrative.
- Obtain the associate's name.
 - If the associate does not proactively provide you with their name, is not wearing a name tag, or their name is not present on the receipt, you DO NOT need to ask for their name. You must provide a physical description.

Shop Instructions – Part 2: Gift Card Evaluation

Step #1: Locate the gift card display and select gift cards to scan.

- Locate the area where gift cards are sold and take a photo of the display. Gift cards may be found in these areas:
 - Self-checkout area
 - Customer service
 - Checkout lanes
 - Gift card cube display
 - Gift card wall near front of the store/customer service
 - Store walkway upon approaching checkout lanes
- If you cannot find the gift cards, ask an associate where they are located.
- Choose **3 gaming gift cards that total \$100** (e.g., one card for \$50, the second card for \$25, and the third card for \$25).
 - Do NOT select gift cards of any other type. The cards must be related to gaming (examples below).
 - Do NOT select a gift card amount combination that is more or less than \$100, as this could trigger the incorrect prompt and your shop will be invalidated.
- The gift cards may or may not say the amount on the face of the card, or there may be a range listed. If there is no amount or a range listed, you will enter the amount for each card at self-checkout.

Examples of gaming gift cards:

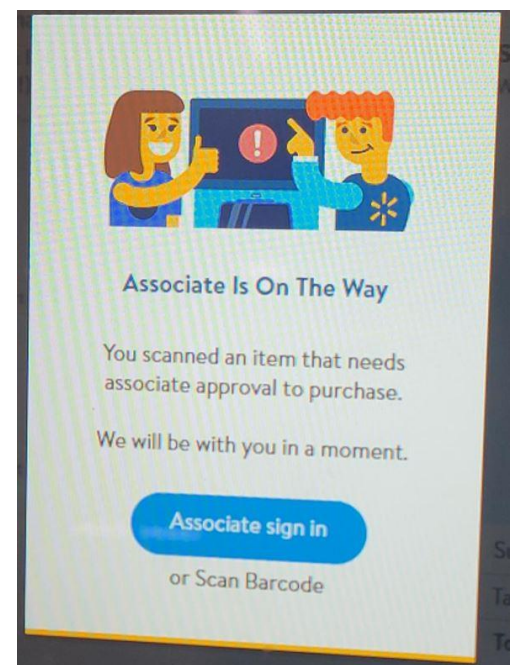

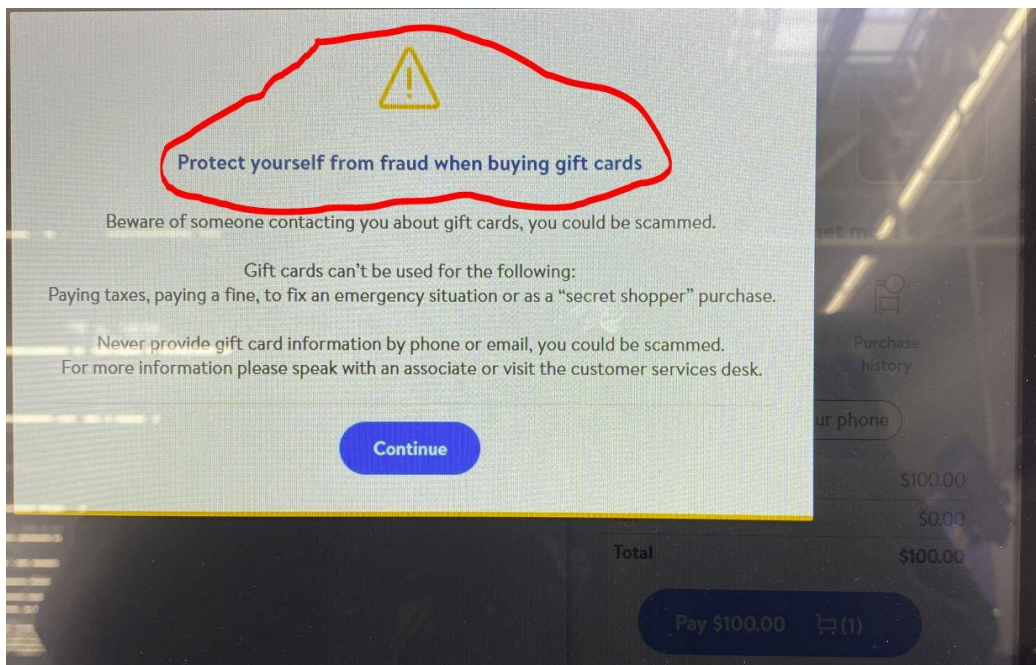

- Take photos of the gift cards you selected. Set the 3 gift cards down side-by-side and take a clear photo showing all 3 cards and the amounts, if applicable. If the amounts are not listed on the card or packaging and you have to type them in, take a photo of the screen showing that you typed in valid amounts.
 - Your shop will be invalidated if your photos do not clearly show the type of cards selected (gaming) and the amounts (\$100 total).

Step #2: Proceed to self-checkout, scan the gift cards, and evaluate if you receive the screen prompt.

- Use any available self-checkout lane. You must use self-checkout.

- Scan each gift card. Type in the gift card amounts if prompted to do so.
- Press the "Total" button. At this time, you should receive one of these prompts:
 - "Protect yourself from fraud when buying gift cards"
 - "Associate Is On The Way"

- Take a photo of any prompts you receive. If the prompts do not match the ones above, take photos of what the prompts do look like.
- If no prompts show up after you scan the gift cards and press the total button to check out, take a photo of the checkout page.
- If you receive an error message, this may trigger an associate to come over. An error message does not count as the prompt showing up and you will need to repeat the scanning process. To count, the prompt must match the images above.
 - Check the gift card to ensure the barcode is clearly visible. If you still experience issues, request assistance and continue with the checkout process after you are helped.
 - If an associate tells you something is wrong with the gift card, cancel the transaction, select a new card of the same type and value, and complete the entire transaction over again. Take a photo of the new card.
 - If you continue to receive an error message, ask for assistance again. If you are unable to continue with the checkout process, cancel the transaction and explain the details in your survey.
- Evaluate if an associate proactively comes over to help you during the checkout process. It isn't required for an associate to assist you, but this type of transaction may flag an associate to provide assistance, such as scanning their badge, overriding the transaction, or helping with the physical gift cards.
- If an associate shows up, accept their assistance. Once you are helped and you have taken the required photos, abandon the transaction.
- Select NO/CANCEL to abandon the transaction. Return the gift cards to the gift card holder or place the gift cards aside near the register.

- If you are told that you are not able to purchase the gift cards at the self-checkout, explain in your survey exactly what you were told by an associate and if they gave a reason why.
- If you are approached or questioned by an associate at any point AFTER you complete the checkout process, tell them that you changed your mind about purchasing the gift cards. If they ask for a specific reason why, say that you left your credit card in the car and will come back some other time to purchase them.
