CUSTOMER EXPERIENCE SHOPPING FOR A MATTRESS

INSTRUCTIONS

QUESTIONNAIRE

Evaluate the customer service experience by calling an assigned CITY HOME (or Ashley Furniture) location to ask a required question, then visit the same location in person to interact with a sales associate about purchasing a new mattress. Some locations also require observations of the in-store cafe/wine bar. No purchase is required or will be reimbursed.

Before You Begin

- Review your shop confirmation
- Know your scenario and if you need to make cafe/wine bar observations
- Plan plenty of time to conduct the shop
- Complete the phone portion first, and ask the required question

Don't Forget!

- Pose as replacing your old mattress
- Make a purchase objection
- Collect a business card
- Date & sign the business card before uploading with your report
- Make the cafe/wine bar observations

General Requirements

- Read all instructions and the entire questionnaire before you complete the shop.
- Complete the required phone call to the store to ask a question.
- Visit the CITY HOME or Ashley Furniture location listed in your shop confirmation.
 - These stores may be next door to each other. Make sure you enter the correct store.
- Complete the shop alone. Plan to spend 20-30 minutes in the store.
- Interact with a sales associate while posing as a serious buyer who is replacing your old mattress with a new one.
- Get a business card to upload with your report. Ask for a card if you are not offered one.
- Do not capture associates in any photos taken inside the showroom.
- Some locations have a cafe and/or wine bar. Check your shop confirmation to confirm if you're required to make cafe/wine bar observations.
- If the store has a Smart Home Zone, do not express interest in or visit that area of the store.
- You are not required to make a purchase and will not be reimbursed for any purchase made.
- Submit your report to shopperhub.cxgroup.com within 12 hours of completing the shop.

Shop Instructions

Step #1: Before visiting the store, call to ask a question to test the associate's knowledge

- On the same day as your in-store visit, call the store using the phone number found in your shop confirmation.
 - If you get voicemail, hang up, wait a minimum of 10 minutes, and then attempt a second call. If the second call also goes to voicemail, no further call attempts are required.
- Listen carefully to how the call is answered to determine if the associate:
 - ✓ Thanked you for calling
 - ✓ Identified themselves by name
 - ✓ Extended a greeting
- Get the associate's name if not provided (ask for it if needed).
- Ask any question related to mattresses. For example:
 - What's the difference between Tempur-Pedic and other foam mattresses?
 - What's the earliest date I can get delivery on mattresses?
 - What is the price range for a Queen Tempur-Pedic?

Step #2: Visit the assigned store to evaluate the in-store customer experience

- Enter the store as indicated in your shop confirmation (CITY HOME or Ashley Furniture).
- Pose as needing to replace your old mattress, so you are shopping for a new mattress.
- When greeted, accept assistance. Do not say you would just like to look around.
 - If not greeted, go directly to the bedding area and begin to browse.
 - If not approached after 5 minutes, seek out an associate and request help.
- Tell the associate you are looking to replace a mattress and would like to look at options.

Step #3: Interact with a sales associate

- Allow the associate to take the lead in the conversation by asking questions about your needs.
- Answer questions based on your own mattress/sleep preferences (style, size, side-sleeper, etc.).
- Do not rush the interaction. Allow the associate the time they feel is necessary to assist you.
- Do not ask to be left alone to browse. This is to see if the associate initiates separation.

Step #4: Raise an objection for why you can't make the purchase that day

- At the end of the discussion, tell the associate you would like to visit other stores before making a decision.
 - The purpose of this statement is to see how they respond and if they try to get you to commit to the future purchase in some way.

Step #5: Request a business card, and get the associate's name

- Ask for the associate's name and business card and say you will contact them if you decide to make a purchase.

- If the associate cannot provide a business card, ask them for a manager's business card.
 - Date and sign the business card when out of view of the associate.
 - Upload a copy of the signed and dated business card with your report.
- All locations have generic business cards and should be able to provide a business card upon request. However, if you are unable to obtain a business card, take a photo of a piece of furniture you were looking at, and upload this image with your report as proof of shop.

Step #6: Make the cafe and/or wine bar observations (if applicable)

- Your shop confirmation will specify if your assigned store has a cafe/wine bar to observe.
- Note if your sales associate mentions the bar (do not ask about it).
- After interacting with the associate, walk over to the bar as if to check it out.
- Check for cleanliness issues at the bar.
- Confirm if there are cookies ready and easily accessible on the countertop.
 - Cookies should be in a clear case on the countertop.
- Confirm if the coffee dish is replenished and kept full (creamers, sugar, etc.).
 - Coffee is behind the bar and not accessible to customers, but the creamers, sugar, etc. should be accessible to customers.
